Genre: Puzzle Developer: Idea Factory Downloads: 346589 Platform: PC Size: 1.1 GB House Of The Dead 3 is a Second Person Shooter arcade game that has been produced by the Japanese Company and developer, Idea Factory. The game puts you in the shoes of a crack commando squad and you need to search for the key files that will allow the cure to be built. The game comes with four different characters with their own unique weapons and abilities that they can use to fight their enemies and their victims. So do you have what it takes to become a real crack commando? In this game, you need to use your assets in the fullest sense of the word. You will need to use your assets to solve puzzles, hack, and fight your way through this game.

So if you like this game, then you should have a look at it now! House Of The Dead 3 Gameplay So basically this game is a Second Person Shooter. You will control either one of four different characters; a man with a jetpack, a man with machine guns, a woman with a machine gun, or a man with a crossbow. Things To Keep In Mind When You Play This Game As you play through the game, you will gain loot that can be used to buy and upgrade your weapons, armor, or ammunition. This includes your crossbow, rocket launchers, M98 DMR, an attached machine gun. You will also earn high-quality weapons, which include the M24 Assault Rifle, the VSS.SMG, and the M416 Assault Rifle. But do not get too cocky, because in this game, you will be constantly being attacked by different enemies from all directions. These include zombies, other soldiers, and even infected civilians. So you need to get the right balance between your ranged and melee weapons. If you can utilize your weapons to fight at close range, you will have an advantage over your enemy. However, if you rely on your melee weapons, you may find that you cannot escape enemy attacks. When you are in a tight spot, you should always try to find the enemy to fight him.

However, this will not work when you are caught in open field. Since you are in a third person perspective, you will have a wide, open playing field. So you need to make sure that you take cover when you need to reload
