By installing these in light hardwoods, the user can not only protect existing furniture, but also prevent future damage. Depending on the type of blocking (cage, studio or pedestal), these can be added as quickly as thirty minutes using basic carpentry tools or a simple router or table saw. Of course, the perfect patterns are not always easy to create. Luckily, the Internet, computers and technology have provided us with a host of templates and programs that allow the pattern-maker, woodworker or homeowner to create their own forms. Free Templates and Software Finding the right templates and program for woodworking is the first step in creating a pattern. The Internet is a treasure trove of both, offering novice hobbyists a wealth of information. After consulting a library of woodworking books, magazines, posters, and tutorials, I discovered a wide variety of resources. Download free "blockout" templates for paper
